BCNU to hold nursing week conference: *"Sharing our Successes - Action into Practice"*

BCNU is excited to announce our inaugural nursing week conference, *Sharing our successes - action into practice*, May 7 & 8 at the Four Seasons Hotel in Vancouver.

The conference will provide a forum for you to celebrate and showcase achievements which have made a difference to nurses working in BC. It's also a chance to share and network with nurses from around the province.

Attendance is open to BCNU members by application. This is a fully funded conference, which includes salary replacement, travel, hotel and meal allowance expenses as per BCNU policy.

See attached for information on registering and selection or to submit an abstract for a poster presentation.
