

# CONTRACT INTERPRETATION MANUAL

## Article 54 ISOLATION ALLOWANCE

### Interpretation Guidelines

Isolation allowance will be paid to all employees who work in the locations listed in Article 54. In addition, the list of locations was expanded to include additional locations (e.g. all employees who work in any of the PCA worksites in Smithers will now be entitled to isolation allowance). To qualify an employee must be employed in one of the named locations.

For former public service employees who were receiving an isolation allowance that was more than the amount set out in Article 54 of the PCA, the Union negotiated a separate agreement to retain their previous allowance on a named incumbent basis only.

The allowance is prorated for RPT and casual employees.

Employers are required to make payment of the isolation allowance as a lump sum once a month.

### Arbitration Awards

1. Fort St. John General Hospital and BCNU, June 15, 1994 (Kinzie). The grievance was dismissed. The isolation allowance is prorated for RPT and casual employees.
