

Article 24

Article 24 - Job Classification and Pay Equity

Related Articles: 21, 22, 23, 61, 62

Interpretation Guidelines:

Originally this provision set out the Job Classification process that resulted in the job profiles that are the basis for the classification levels set out in Article 61. The process was completed as required and now Article 24 simply sets forth the agreement of the parties to the principles of pay equity.
