NBA BARGAINING

MAKE HEALTH CARE BETTER

BETTER FOR **NURSES**. BETTER FOR **PATIENTS**.

Territorial Acknowledgment

The BC Nurses' Union respectfully acknowledges the unceded lands of the Indigenous peoples in the area now known as British Columbia. We are grateful to the traditional stewards of the lands and waters for their role in caretaking and fighting for the land from which we all benefit.

The United Declaration on the Rights of Indigenous Peoples, the Truth and Reconciliation Commission of Canada's 94 calls to action, and the 24 recommendations in the province's 2020 report *In Plain Sight: Addressing Indigenous-specific Racism and Discrimination in B.C. Health Care*, collectively acknowledge the important the task that lies before us as we work to ensure there is an end to discrimination in the workplace and to disrupt the colonial systems that Canadian health care was built on.

This is not an easy task, and it will take time. However, we hope the changes in this collective agreement will help ensure that Indigenous members are able to utilize their skills and knowledge to provide culturally safe care to Indigenous patients, clients, residents and their communities.

The NBA Chief Negotiator

Dear BCNU members of the Nurses' Bargaining Association (NBA),

I am pleased to provide you with the outcome of the recent round of negotiations that impact your provincial collective agreement. In this package you will find the terms of settlement for the 2022-2025 NBA contract. We have included every article, appendix, and memorandum of agreement from the bargaining table. These materials stand as testament to the effort, commitment and resilience shown by those elected to represent you at the bargaining table who have listened to your concerns and have delivered on your requests.

Specifically, the committee focused its efforts on addressing members' top five priorities:

- improvements to wages and premiums,
- minimum nurse patient staffing ratios,
- greater flexibility and leaves,
- workplace safety, and
- improvements to benefits.

This round of bargaining presented an unprecedented opportunity for our members to make history and set an all-time record for investments in nurses in BC. We have bargained increased income for NBA members, making them the highest paid nurses within the Canadian Federation of Nurses Unions (CFNU). We have obtained this by including changes to the wage grid, imposing five additional increment steps (10, 15, 20, 25 and 30), enhancing existing premiums and creating two new ones to the agreement, and ensuring that all members have their college fees fully reimbursed by the employer starting immediately and continuing into the future.

In addition to increasing our members' wages, we have also delivered on your second request – establishing minimum nurse-to-patient ratios. The NBA has been attempting to implement minimum nurse-to-patient ratios for decades and we are excited to have reached a historic agreement with the government that will link directly with negotiated language to recruit the nurses needed to meet this goal. Through this agreement, we have secured an unsurpassed investment in nursing and established BC as the first province in Canada to have nurse-to-patient ratios. We will seek to start the implementation process immediately following ratification.

Minimum nurse-to-patient ratios in combination with the extremely competitive income increases in this agreement will assist in recruitment and retention of nurses as quickly as possible. This will result in improved workload, quality of care, job satisfaction and nurse safety as demonstrated in both Australia and California.

This round of bargaining provided a meaningful opportunity to demonstrate a genuine commitment to the Truth and Reconciliation work required to improve our health-care system. Through new contract language, we address the pervasive and ongoing harms of colonialism experienced by Indigenous members of our communities, both in nursing and at-large. We are strengthening awareness of the diversity of our membership and have achieved language that champions inclusivity and equity as foundational tenets throughout the provincial contract.

We have negotiated improved contract language that positively impacts the following priorities for nurses:

- Increased scheduling flexibility and access to leaves,
- Workplace safety,
- Improved elbow-to-elbow support through the creation of 150 new mentorship positions,
- Access to union representation through the creation of more Full-time Steward and Steward At-Large positions with increased pay,
- Increased number of EDMP representatives,
- Ability to bank overtime by increasing the limit to 150 hours, and
- Improved language regarding dual postings for RPNs.

In this package you will also find a copy of the signed agreement reached between the NBA and the provincial government guaranteeing a further contract commitment of \$100-million dollars in one-time funding. This money will positively impact nurses in the following ways:

- Meaningful support for members' mental health and well-being through the establishment of a nurse support fund,
- Funding for nurses laddering from LPN to RN and RPN,
- Funding for increased opportunities for employed student nurses (ESNs), and
- Funding for additional nurse leadership positions.

In closing, I would like to recognize the members of the 2022-2025 NBA bargaining committee. I feel fortunate to have worked with a team of diverse, thoughtful, passionate nurse leaders from all sectors, designations and constituent unions, from every corner of our province:

- Aman Grewal, RN, President, BCNU
- Rise Ford, LPN, Long-term Care, BCNU
- Jereme Bennett, RN, Community Care, BCNU
- Gerrie Miller, LPN, Community Care, BCNU
- Roy Hansen, RPN, Acute Care - Large, BCNU
- Kath-Ann Terrett, RN, Acute Care - Large, BCNU
- Annelise Henderson, RN, Acute Care - Medium, BCNU
- Candi DeSousa, RN, Acute Care - Small, BCNU
- Nicole McIntosh, RPN, Member Representative, Health Sciences Association of BC
- Alyson Warner, Staff Representative, Health Sciences Association of BC
- Carol Kenzie, Hospital Employees' Union (HEU) Representative, Small Union Spokesperson

It is thanks to their solidarity, patience and unwavering focus on making health care better for our nurses that this deal has come to fruition. I would also like to extend my thanks to all of our members who took the time to send emails, lobby MLAs, respond to the bargaining survey, participate in worksite or regional activities, and tell their stories to highlight the key issues to our government and employer representatives. This is the best agreement ever negotiated by the NBA. If ratified, we will make history in this country being the first to implement nurse-patient ratios while being home to the highest paid nurses in the country.

The ratification vote takes place online from April 20-27. Between now and then, I encourage you to take the time to review the language enclosed, send any questions to our bargaining@bcnu.org email address, attend one of the many virtual hybrid events scheduled between now and the close of voting on April 27.

In solidarity,

BCNU Interim CEO

The BCNU President

Finally, nurses are getting the respect they deserve.

On behalf of your bargaining committee and council, I am pleased to announce that a tentative agreement has been reached with BC's health employers.

This historic tentative agreement comes after months of intense discussions, and we are confident it targets the key priorities outlined to us by thousands of nurses in BC. In addition to record-setting compensation, the terms of settlement includes significant improvements in other priority areas, including improved flexibility and leaves, new and enhanced premiums and funding to promote workplace safety.

Since the outset of bargaining, we emphasized that nurses' current workloads are untenable. Many of you told us you were strongly considering leaving the profession due to a lack of work-life balance and impossible working conditions. Whether in acute care, long-term care or community care, nurses of all designations are at the breaking point as they try to hold up a health-care system in crisis.

We know the state of the health-care system has left many of you feeling exhausted, burnt out and morally distressed. Let me be clear: we have heard you.

I and the rest of the bargaining committee, along with our chief negotiator and BCNU interim CEO Jim Gould, brought your stories and your sacrifice to the table, and we strongly believe that this collective agreement is a sign that the government is finally paying attention.

We also know you had our backs while we were at the bargaining table. In communities across the province, nurse's voices were louder than ever as they stood up for their patients, their colleagues and themselves to demand that the government make health care better.

Your efforts have not gone unnoticed. I am constantly inspired by the professionalism and passion demonstrated by so many of you each and every day, despite the challenges you are up against.

This is a collective agreement you can be proud of. It recognizes your dedication and sacrifice, and opens the door to the renewed investment in nurses that we have been calling for.

Finally, I am proud to report that our Nurses' Bargaining Association negotiators have reached a groundbreaking commitment from the provincial government to support mandatory minimum nurse-patient ratios, a staffing model BCNU has been advocating for more than 25 years.

This is the beginning of a new chapter, and I am excited to help lay the groundwork that will help retain the nurses we have in the system today and recruit the nurses we will need in the future.

I invite all of you to take the time to read the details of the collective agreement, visit our BCNU Member Portal for updates, and attend one of our NBA ratification sessions either in-person or virtually. Each town hall will offer the chance to hear directly from NBA Chief Negotiator Jim Gould, where you can ask questions and learn what the contract will mean for you.

Secure, online voting will take place between 12 noon on April 20 and 12 noon April 27. Every member covered by this collective agreement has an opportunity to vote.

Thank you,

The wage increases are retroactive to April 1, 2022.

Memorandum of Agreement – Without Prejudice or Precedent

Article 43.02 Personal Leave

Between:

Health Employers Association of BC (HEABC)

And:

Nurses' Bargaining Association (NBA)

(together, the "Parties")

WHEREAS:

During negotiations for the 2019 – 2022 NBA Provincial Collective Agreement, the parties agreed to the creation of a leave structure that better reflects the realities of the lives of working nurses;

The Parties agreed to develop a joint interpretation regarding the granting of personal leave but have been unable to reach agreement;

THEREFORE the Parties agree on a without prejudice or precedent basis to administer Personal Leave during the term of this agreement, as follows:

Entitlement

1. Except as described in ss. 5, 6, 12 and 14 below, personal leave days will be awarded as follows:
 - a. On April 1, 2020, eligible regular nurses will receive one (1) personal leave day for April 1, 2020 to March 31, 2021;
 - b. On April 1, 2021, eligible regular nurses will receive two (2) personal leave days for the remainder of the 2021 calendar year;
 - c. On January 1, 2022, eligible regular nurses will receive two (2) personal leave days for that calendar year.
2. Personal leave days, once approved, cannot be converted to another type of paid or unpaid leave; nor can they be applied for retroactively. Except for Short Notice Leaves, personal leave days cannot be attached to other leaves of absence, such as vacation or paid statutory holidays. Once awarded, the number of personal leave days an eligible nurse receives for that calendar year will not be revised for any reason, including to reflect any changes to an individual's FTE or leave status over the course of the calendar year.
3. Probationary nurses are not entitled to personal leave days, except for those eligible nurses who are on probation but have ported their personal leave days in accordance with s. 15 of this agreement.

Pro-ration

4. A personal leave day is based on a 7.5 hour standard day. The number of hours attributed to a personal leave day will not be prorated based on the eligible regular nurse's FTE.
5. Post-probationary eligible regular nurses who start in either a permanent or temporary regular position on or before June 30th, will receive two (2) personal leave days for that calendar year.
6. Post-probationary eligible regular nurses who start in either a permanent or temporary regular position on or after July 1st will receive one (1) personal leave day for that calendar year.

Personal Leave Day

7. An employee is not entitled to take more personal leave days than they are allocated. Personal leave shall not be taken on more than two (2) shifts per calendar year.
8. An employee may combine their personal leave days to apply both of them to a single shift. For example, a 0.4 FTE eligible regular nurse on extended shifts (who received two (2) personal leave days of 7.5 hours each), could either apply 11 hours to the first day and 4 hours to the second personal leave day, or could apply each day (7.5 hours each) to two separate shifts.
9. An employee may take vacation, banked overtime, or an unpaid leave of absence to cover any remaining shift hours, where the shift length exceeds the total (combined, if applicable) length of the personal leave day or days taken.

Casual Employees

10. Casual employees are not entitled to personal leave days.
11. An employee who has their status temporarily changed from casual to regular pursuant to Article 17.02 or 17.03 ("Temporarily Appointed Casuals"), and whose appointment is at least six (6) consecutive months in length, is entitled to personal leave days. The entitlement is as described in ss. 5 and 6 above. No more than two (2) personal leave days may be awarded to an individual in a calendar year. Such days must be scheduled and taken while the employee remains in the temporary position. When a Temporarily Appointed Casual's status changes back from regular to casual, any personal leave not taken will remain available to the employee should the employee return to regular status later in the same calendar year, and if it remains not taken, will be paid out at straight time at the end of the year in accordance with s. 16 below.
12. For example, a Temporarily Appointed Casual who starts in an eighteen (18) month 0.4 FTE temporary appointment on April 15th will receive on April 15th two (2) personal leave days (7.5 hours each) for that calendar year, which may be utilized on up to two (2) shifts for that calendar year. Any personal leave not taken by the end of that calendar year will be paid out at straight time. They will then receive two (2) personal leave days on January 1st of the following calendar year.

Leaves of Absence

13. Notwithstanding the rest of this paragraph, employees on a leave of absence as of January 1st will not be eligible for or be awarded personal leave days for that calendar year. Employees who were otherwise eligible but who were on a leave of absence as of January 1st, and who return from that leave of absence within the first six months of the calendar year will receive upon their return the usual two (2) personal leave days for that calendar year. Employees who were otherwise eligible but who were on a leave of absence as of January 1st, and who return from that leave of absence in the latter six months of the calendar year, will receive one (1) personal leave day for that calendar year. No more than two (2) personal leave days may be awarded to an individual in a calendar year. Personal Leave days will not be awarded more than once during the year. Any unused personal leave days will be paid out at the end of the year in accordance with below.
14. For example:
- a. An eligible regular nurse who returns on April 1st from a six (6) month leave of absence to a 0.6 FTE regular position will receive two (2) personal leave days (7.5 hours each) for that calendar year.
 - b. An eligible regular nurse who returns on October 1st from a one (1) year leave of absence to a 0.7 FTE regular position will receive one (1) personal day (7.5 hours) for that calendar year.
 - c. An eligible regular nurse in a 0.6 FTE regular position receives two (2) personal days (7.5 hours each) on January 1st. On June 1st, they have not taken any personal leave days and go off on a three (3) month leave of absence, returning on August 1st. On their return, they will have two (2) personal days remaining for that calendar year.
 - d. An eligible regular nurse in a 0.6 FTE regular position receives two (2) personal days (7.5 hours each) on January 1st. On February 1st, they use a personal leave day. On March 1st, they take a nine (9) month leave of absence, returning on December 1st. On their return, they still have one (1) personal day remaining for that calendar year.
 - e. An eligible regular nurse in a 0.5 FTE regular position receives two (2) personal days (7.5 hours each) on January 1st. On April 1st they take one (1) personal leave day. On October 15th, they take a one year leave of absence. They will be paid out at straight time for the one remaining personal day at the end of the calendar year. They return to their position on October 15th of the next calendar year at which time they will receive one (1) personal leave day for that calendar year.

Porting

15. Personal leave day(s) are portable as per Article 51 to another employer covered by the NBA Collective Agreement. If, in the same calendar year, a nurse used personal leave days at the sending Employer, the nurse will not be granted additional personal leave days at the receiving Employer for the same calendar year.

Unused Days Paid Out

16. Personal leave may not be banked or carried over to the next calendar year. Any personal leave not scheduled and taken by December 31st of each year will be paid out at straight time hourly rates.
17. Personal leave days are not paid out upon termination or resignation of employment.

Operational Requirements

18. Personal leave is not intended to exacerbate staffing shortages and therefore requests are normally subject to operational requirements. The parties have agreed that different considerations should be given to personal leave entitlement depending on whether the employee must address an urgent and unanticipated matter.
19. An employee may take personal leave with less than 24 hours notice before the start of the shift only in circumstances where it is necessary to address an urgent and unanticipated matter (a “Short Notice Leave”). An urgent and unanticipated matter is something that the employee could not have reasonably anticipated, must be dealt with immediately and cannot wait for the employee to complete their scheduled shift. For example, a water line breaks suddenly at the employee’s home. Short Notice Leaves will not be subject to operational requirements and may be attached to other leaves of absence, including vacation and paid holidays. The employer may require an employee seeking a Short Notice Leave to establish that it was used to address an urgent and unanticipated matter.
20. All other requests for personal leave must be provided 24 hours or more in advance of the start of the shift (an “Advance Notice Leave”), and, unless the employee can establish that the request arose due to an urgent and unanticipated matter, are subject to operational requirements and may be declined if attached to other leaves of absence, including vacation and paid holidays. The employer may require an employee seeking an Advance Notice Leave for an urgent and unanticipated matter to establish in advance that it will be used to address an urgent and unanticipated matter and that it could not be addressed during off duty hours. The parties acknowledge that Advance Notice Leaves for urgent and unanticipated matters are exceptional, and that most urgent and unanticipated matters will occur less than 24 hours before the start of the shift.
21. In all cases, where a personal leave day is requested, the employee must follow the employer’s processes for absence notification and shall get prior approval from their manager in all cases except for those Short Notice Leaves where it not possible to do so.

Work on a Personal Leave Day

22. Where an employee voluntarily accepts work during scheduled personal leave, the scheduled personal leave will be considered taken and will be paid out at straight time hourly rates. The employee will be entitled to overtime at the rate of double the employee’s regular rate of pay for the hours they work during the scheduled personal leave.

Resolution of All Grievances and Retroactivity

23. Employers will implement for eligible nurses non-prorated personal leave days in accordance with this agreement and, except for those nurses described in ss. 24 and 25 below, will determine the one-time pay-out amounts described below in s. 26 for eligible nurses by September 30, 2021. NBA agrees it will not file any grievances related to Article 43.02 Personal Leave during the period of July 1, 2021 to September 30, 2021. The union will not be prejudiced by this moratorium with respect to filing within the prescribed timelines any Personal Leave grievances arising during this timeframe.
24. Temporarily Appointed Casuals who have started in a temporary appointment of at least six (6) consecutive months in length on or after April 1, 2020 and prior to or on June 30, 2021, must contact their employer's payroll department by no later than November 15, 2021 to claim, and if applicable, be eligible for, any pay out entitlements pursuant to this agreement. The employer will verify any such claim and if determined to be eligible, will, as applicable, pay out personal leave days that would have been awarded during the 2020 calendar year and/or award personal leave days for the remainder of the 2021 calendar year in accordance with this agreement.
25. Eligible nurses who have resigned, terminated their employment, or had their employment terminated by the employer after April 1, 2020 and prior to or on June 30, 2021, must contact their employer's payroll department by no later than November 15, 2021 to claim, and if applicable, be eligible for, any pay out entitlements pursuant to this agreement. The employer will verify any such claim and if determined to be eligible, will pay out the eligible nurse prior to the end of the 2021 calendar year.
26. On a one time basis:
 - a. any 2020 personal leave days which were awarded and unused will be paid out to that nurse, without prorating for FTE, at straight time hourly rates on the first pay period after October 1, 2021; and
 - b. the reduced portion of any 2020 and 2021 personal leave days prorated for FTE and taken by an eligible nurse prior to or on September 30, 2021, will be paid out to that nurse at straight time hourly rates on the first pay period after October 1, 2021.
27. In consideration of these payments, the NBA will permanently withdraw all grievances related to Article 43.02 Personal Leave filed or arising prior to or on June 30, 2021, on a without prejudice basis to the positions of the Parties regarding the interpretation and/or application of Article 43.02 Personal Leave.

Term

28. This agreement will expire on December 31, 2022.

Without Prejudice or Precedent

29. This agreement is without prejudice or precedent to the Parties, including but not limited to their positions regarding the interpretation and/or application of Article 43.02 Personal Leave.

This agreement is dated for reference June 30, 2021.

Memorandum of Agreement
re: Year 15, 20, 25 and 30 Add Pay

Between:

Nurses' Bargaining Association (NBA)

And:

Health Employers Association of BC (HEABC)

(together, the "Parties")

Whereas:

- a. During negotiations to renew the 2019-2022 Provincial Collective Agreement, the parties agreed, among other things, to add Year 15, Year 20, Year 25 and Year 30 Increment Steps to the Nurse Wage Schedule effective April 1, 2023 (the "Year 15-30 Increment Steps"); and
- b. The parties' shared goal in establishing the Year 15-30 Increment Steps was to offer an incentive that would retain and recruit nurses to the BC healthcare system; and
- c. During the ratification process, some nurses identified circumstances in which the Year 15-30 Increment Steps would not recognize their prior contributions commensurate with their years of service, for example, due to promotion language contained in the Collective Agreement; and
- d. In order to address some of these concerns, the parties have agreed as described in this MOA to permanently replace the Year 15-30 Increment Steps with Year 15, 20, 25 and 30 "add pay" instead;

AND THEREFORE, the parties agree as follows:

1. The Year 15-30 Increment Steps will be permanently deleted from the Nurses' Provincial Collective Agreement, and will be replaced instead, effective April 1, 2023, with an additional hourly add pay of either \$0.50, \$1.25, \$2.25 or \$3.50 that applies in addition to a nurses' applicable Year 1 to 10 Increment step wage rate (together, the "Year 15-30 Add Pay").
2. Eligibility for the applicable rate of Year 15-30 Add Pay will be based on Article 13 – Seniority as follows:
 - a. For regular nurses, achieving at least a 15, 20, 25 or 30 year seniority date with their employer, respectively, calculated pursuant to Article 13.01(A); or
 - b. For casual nurses, achieving at least 29,250, 39,000, 48,750 or 58,500 hours worked with their employer, respectively, calculated pursuant to Article 13.01(B).
 - c. For clarity, seniority date or hours for the purposes of Year 15-30 Add Pay for Licensed Practical Nurses (LPNs) who become Registered Nurses (RNs) or Registered Psychiatric Nurses (RPNs) will be determined based on the combination of both their LPN and

RN/RPN seniority dates or hours, as applicable, under the Nurses' Provincial Collective Agreement.

3. Notwithstanding para. 2, new nurses hired after October 1, 2023, who do not have existing seniority and who are otherwise eligible for employer recognition of relevant nursing experience for the purposes of annual increments as described in Article 52 or Article 11.04(F)(2)(C), will upon the commencement of their employment be eligible to be credited for their relevant nursing experience in the same manner described in Article 52 or Article 11.04(F)(2)(C) for the sole additional purpose of establishing their initial Year 15-30 Add Pay eligibility date or hours, as applicable. Eligibility for Year 15-30 Year Add Pay will thereafter accrue based on para. 2 above (e.g. seniority accruals). Year 15-30 Year Add Pay eligibility will be portable in the same manner as, and consistent with, seniority portability.
4. For clarity, the Year 15-30 Add Pay will be:
 - a. applicable for all hours paid,
 - b. pensionable,
 - c. applicable for the calculation of overtime, and
 - d. effective, April 1, 2024, increased based on future General Wage Increases.
5. All Collective Agreement language will continue to apply in the usual way to Year 1 to 10 Increment Steps, including among other things, promotional and laddering language.
 - a. For example, a nurse with a seniority date of 26 years may be moved from Level 3, Step 10 to Level 4, Step 7 upon receiving a promotion to provide the minimum \$200 increase, but would still retain the Year 25 Add Pay on top of their Level 4, Step 7 wage rate.
6. The parties agree that the Year 15-30 Add Pay is reflected in the revised wage grids attached to this MOA as Appendix A (2023/24) and Appendix B (2024/25).

Implementation

7. In order to implement Year 15-30 Add Pay, each employer will determine initial eligibility for Year 15-30 Add Pay for all nurses employed by them as of October 1, 2023, based on each nurse's seniority date (regular) or seniority hours (casual) as it exists on that date, in accordance with the principles described in paras. 1 and 2 above.
8. Notwithstanding para. 7 above, there will then be a one-time application process available to:
 - a. existing RNs/RPNs who initially joined the NBA as LPNs on or after the first full pay period following May 11, 2016; and
 - b. all existing nurses (RNs/RPNs/LPNs) hired under the Nurses' Provincial Collective Agreement since October 1, 2013, who at the time of their hire did not have existing seniority and at the time were deemed eligible by the employer for recognition of relevant nursing experience under Article 52 or Article 11.04(F)(2)(C).

9. The one-time application process will work as follows:
- a. such nurses may apply to their employer starting October 1, 2023 and by no later than December 31, 2023, for recognition of their previous LPN seniority date or hours, or their relevant nursing experience, as applicable, for the sole purpose of establishing their initial Year 15-30 Add Pay eligibility date or hours;
 - b. for the nurses described in para. 8(a) above, the initial Year 15-30 Add Pay eligibility date or hours, as applicable, will be based on the combination of any recognized previous LPN seniority and the nurse's existing RN/RPN seniority date or hours (as applicable);
 - c. for the nurses described in para. 8(b) above, the initial Year 15-30 Add Pay eligibility date or hours, as applicable, will be based on the combination of any recognized relevant nursing experience and the nurse's existing seniority date or hours, (as applicable);
 - d. applications will contain supporting documentation and will be reasonably considered by the employer;
 - e. the employer will make a determination on each application by no later than March 31, 2024.
10. For clarity, nurses determined to be eligible as of October 1, 2023 (or as of March 31, 2024, if determined through the one-time application process) for Year 15-30 Add Pay in accordance with this Memorandum of Agreement will receive any applicable rate(s) of Year 15-30 Add Pay retroactively to April 1, 2023 or any applicable portion thereof.
- a. For example, a nurse who achieved a 15 year seniority date with their employer on July 1, 2023 would receive retroactive payment for Year 15 Add Pay back to July 1, 2023.
11. Nurses will thereafter become eligible to receive the applicable rate of Year 15-30 Add Pay upon achieving the necessary seniority date(s) or hours worked, as described in paras. 1 to 3 above.

Appendix W

12. Appendix W - Hours of Work and Remuneration – para. 6 will be amended as follows (additions underlined, deletions struck out):
- “All positions will be paid at Nurse Level 3, Step ~~15~~10 of the wage rate grid while occupying the position...”
13. Full-Time Stewards, Stewards at Large, and EDMP representatives will be eligible to receive Year 15-30 Add Pay in accordance with this Memorandum of Agreement.

Dispute Resolution

14. Any dispute arising from the application of this Memorandum of Agreement with respect to determining a nurse's eligibility for Year 15-30 Add Pay will be addressed through the BC Healthcare Office of Arbitration with the assistance of the Registrar as required, to ensure that

these matters are decided in a timely and expedited manner. This may include a mutually agreed fast track process.

15. Disputes between the parties arising from the interpretation of this MOA may be addressed through the usual grievance process(es) or as otherwise mutually agreed by the parties.

This Memorandum of Agreement is dated for reference on May 30, 2023.

2022 Collective Bargaining in the Health Sector

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by changing the following:

ARTICLE XX – Ceremonial, Cultural, Spiritual and Compassionate Leave for Indigenous Employees

Indigenous employees have a right upheld by BC Law, including the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c. 14, to manifest, practice, develop and teach their spiritual and religious traditions, customs and ceremonies and may require leave from work to exercise these rights.

Definitions:

A ceremonial, cultural, or spiritual event under this section includes any event that is significant to an Indigenous employee’s culture. Examples of significant cultural events include, but are not limited to, Hoobiye, Pow-wows, Sundance, participation in a sweat lodge, coming of age events, feasts or ceremonies held following a significant family event (including the death of a family member).

“Family” for the purposes of accessing Compassionate leave includes an Indigenous Elder* or any individual an Indigenous employee considers family consistent with their Indigenous cultural practices.

* An Indigenous Elder is designated as such by their community.

- a) Effective April 1, 2023, an Indigenous employee may request up to five (5) days of leave per calendar year without loss of pay to participate in ceremonial, cultural, or spiritual event(s). The leave may be taken in one or more blocks of time. Where such leave is requested, the leave shall not be unreasonably denied. Leave under this provision is in addition to an Indigenous employee’s entitlement to leave under Article 33.01 – Compassionate Leave as applicable (and per the expanded definition of “family”).
- b) Where an Indigenous employee requires more than the days of leave in a) above for a ceremonial, cultural, or spiritual event, the leave shall not be unreasonably denied. This additional leave is unpaid, however, an employee may draw from their available vacation and overtime banks, as applicable (and per the expanded definition of “family”).

2022 Collective Bargaining in the Health Sector

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by changing the following:

APPENDIX AA – MOA Re: Job Sharing

Article 1 – Preamble

- 1.1 This Memorandum of Agreement establishes provision for any group of employees, at least one of whom holds regular status, two (2) regular employees to voluntarily “job share” a single full-time one or more regular position(s). ~~Part-time positions may be shared where the Employer and Union agree in good faith.~~
- 1.2 A “Job Sharing Arrangement” refers to a specific written agreement between the Union and the Employer. This agreement must be signed before a job sharing arrangement can be implemented.

Article 2 – Participation

- 2.1 The parties recognize that involvement in job sharing is voluntary for all parties. It is further agreed that there will be no pressure brought to bear on Employers or employees to participate in job sharing, nor will there be access to the grievance procedure should such job sharing not be established at the facility level.
- 2.2 Employees may initiate a request for job sharing in writing (subject to Article 2.3 and 2.4). Where an employee(s) request is denied, they shall be provided with an explanation as to why their request was denied.
- 2.3 Upon approval of a request to job share a notice will be posted in writing and electronically within the department to determine interest in job sharing ~~a specific position~~. Those interested in job sharing will respond to the Employer in writing. Should the number of qualified employees responding exceed the number of positions available, then selection shall be on the basis of seniority.

Job shares will be within the same department and classification except where the Employer and Union agree in good faith.
- 2.4 A notice will also be posted to elicit interest in job sharing arrangements to accommodate employees facing displacement. Approval and selection are subject to 2.1, 2.2 and 2.3 above.
- 2.5 For the first three (3) months of a job sharing arrangement, an employee will be deemed to be on a qualifying period pursuant to Article 18.03 of the Provincial Collective Agreement, except for employees who are participating in a job share on their home unit, department or program and have already completed their qualifying period.

Article 3 – Maintenance of Regular Positions

- 3.1 ~~Shared positions shall, in all respects with the exception that they are held by two individuals, be treated as though they were single positions~~ regular positions with each employee having an FTE equal to the FTE they hold within the job sharing arrangement for the purpose of with regard to scheduling, and job descriptions.
- 3.2 Where a vacancy becomes available as a result of an employee participating in a job sharing arrangement, the vacated position shall be treated in accordance with the provisions of the Provincial Collective Agreement.
- 3.3 ~~If one a job sharing partner decides to discontinue participation in a job sharing arrangement, they must give thirty (30) calendar days' notice of their intent to vacate the job share, and they will then post into another regular position, revert to casual, or resign. The remaining employee shall be given first opportunity to assume the position on a full time basis. Should that employee decline the position on a full time basis and wish to continue to job share the position, then every effort will be made. The period of thirty (30) days, to find a job sharing partner satisfactory to all parties. The period of time to find a replacement will result in the remaining job sharing partner assuming the position full time. If they do not wish a full time position and no job sharing partner is found, then they would post into another regular position, revert to casual status, or resign. The former job sharing position would then be treated in accordance with the Provincial Collective Agreement. The participant electing to leave the job share will post into a vacant position, be added to the casual registry, or resign. If those remaining in the job sharing arrangement wish to continue with the arrangement, every effort will be made to fill the vacated portion of the job share within the remaining thirty (30) calendar days.~~
- 3.4 If no other employee comes forward to fill the vacated portion of the job share, participants of the job share who entered with regular status may select, in seniority order, one of the original FTEs that was brought into the job sharing arrangement. If a participant is left with no FTE, they will be entitled to all displacement rights under Article 19. Participants who held casual status entering into the job sharing arrangement will return to casual status. Any vacancy remaining will be treated in accordance with the provisions in the Collective Agreement.
- 3.5 Either party may give sixty (60) calendar days' notice to end the job sharing arrangement. In this case, participants of the job share who entered with regular status may select, in seniority order, one of the original FTEs that was brought into the job sharing arrangement. If a participant is left with no FTE, they will be entitled to all displacement rights under Article 19. Participants who held casual status entering into the job sharing arrangement will return to casual status. Any vacancy remaining will be treated in accordance with the provisions in the Collective Agreement.
- 3.6 If a master work schedule change occurs, participants of the job share must first determine their FTEs through provision 3.5. Subsequently, participants will use this FTE to select their line on the new master work schedule. If the original FTEs that made up the job share are secured, the job sharing arrangement continues.
- 3.1 ~~If the job sharing arrangement is discontinued by the Employer, the most senior employee will be given first option to assume the full-time position. The other (least senior) partner will be displaced pursuant to the provisions of the Provincial Collective Agreement.~~

- ~~3.2 The Employer must give sixty (60) days' notice if they wish to end a job sharing arrangement.~~
- ~~3.3 Either party may cancel this Memorandum on sixty (60) days' notice.~~

Article 4 – Schedules and Job Descriptions

- 4.1 A work schedule will be set out in advance showing the days and hours or shifts to be worked for each job sharing partner.
- 4.2 Job descriptions for the job sharing partners will be identical.
- 4.3 The Employer agrees not to increase workload levels expected of job sharers for the sole reason the position is shared.
- 4.4 Once established, the position of hours shared may be altered by mutual agreement of the parties.

Article 5 – Benefits

- 5.1 As a general principle and unless otherwise revised in this Memorandum, the employees will neither gain nor lose any benefits presently contained in the Provincial Collective Agreement.
- 5.2 Each employee in a job sharing arrangement will be treated as a part-time employee for all benefit and pension purposes.
- 5.3 Each employee in a job sharing arrangement must maintain unbroken eligibility for Employment Insurance and Canada Pension coverage.

Article 6 – Relief

- 6.1 Temporary relief for a job shared position will be determined pursuant to the Provincial Collective Agreement. However, job sharers will provide relief for each other where there is no other source of relief available.

2022 Collective Bargaining in the Health Sector

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by changing the following:

APPENDIX KK – MOA Re: Professional Responsibility Process

The purpose of this Memorandum of Agreement is to clarify and streamline the process through which professional practice problems are addressed.

Background

In the 2014-2019 NBA Collective Agreement, the parties restructured the professional responsibility (“PR”) process under Article 59 (Professional Responsibility Clause) and improved collaboration through the creation of PR guidelines and joint education.

Since a large majority of PR concerns were related to staffing, the parties also agreed that it was necessary to address these concerns through an alternative process.

Professional Responsibility Process

The parties now agree to a revised PR process to address only professional practice problems, which includes any practice problem related to the Nursing Standards of Practice of the provincial regulatory body including those which may put patients, residents and/or clients at risk.

The parties agree to implement the following collaborative, problem-solving process for Health Authorities/PHC:

1. If a professional practice problem arises, the nurse will have a discussion with their excluded manager or excluded designate to try to address the practice problem at the local level.

At their discretion, the nurse may choose to bring a colleague to the discussion.

The nurse or the manager may seek advice from the Health Authority/PHC Professional Practice Office (“PPO”) and/or the Provincial Union Professional Practice Department or designate as advised by the Union (the “Union PPD”).

The nurse and the manager should discuss the practice problem and agree on a reasonable timeframe to implement changes and/or complete further follow-up. The nurse and manager may include other participants as needed, such as a nurse educator, to assist with addressing the practice problem.

The parties’ mutual intention is to collaborate on solutions that address the practice problem. It is recognized that achieving solutions may involve further work by the manager and/or the nurse prior to resolving the practice problem.

2. Prior to any escalation of the practice problem, if the Health Authority/PHC PPO was not involved in the discussions, the PPO will review the practice problem and ~~may~~ may assist the nurse and the manager to resolve it.
3. If the nurse believes that the PPO is not available within a reasonable timeframe, the practice problem has not been fully addressed or that the implementation timeframe is not reasonable after involving the Health Authority/PHC PPO, the nurse may submit a Professional Responsibility Form (PRF) to the excluded manager. A copy of the PRF will be sent to the Health Authority/PHC PPO and the Union PPD.
4. The Union PPD will review the PRF and may have further discussions with the nurse and/or the Health Authority/PHC PPO.
5. If the practice problem is not resolved, the Union PPD will create a report outlining the practice problem, a summary of any solutions identified by the parties, any further recommendations, and any outstanding concerns.
6. This report will be sent to the respective Health Authority/PHC Chief Nursing officer (“CNO”) with a copy sent to the Health Authority/PHC PPO, the nurse and the manager. The CNO will acknowledge receipt of the report in writing to the parties and will provide a response including any further actions suggested, or agreed to, by the CNO.

The parties agree to implement the following collaborative, problem-solving process for Affiliates:

1. Where the nurse identifies a professional practice problem, they will initiate a discussion with the excluded manager or excluded designate. At their discretion, the nurse may choose to bring a colleague to the discussion.
The nurse and the excluded manager or excluded designate:
 - a) will collaborate on solutions;
 - b) will agree on a reasonable timeframe to implement changes and/or complete further follow-up;
 - c) may include other participants in the discussion as needed (e.g. educator); and
 - d) may seek advice from the provincial regulatory body and/or Union PPD.
2. If the practice problem is not resolved, the nurse will fill out a PRF and copy the Union PPD, the excluded manager and the Affiliate Executive Director.
3. The Union PPD will review the PRF and may have further discussions with the nurse, excluded manager, excluded designate and/or the Affiliate Executive Director.
4. If the practice problem remains unresolved:
 - a) the Union PPD will create a report as described in paragraph 5 above and send it to the Affiliate Executive Director with a copy to the nurse and the excluded manager;
 - b) the Affiliate Executive Director will acknowledge receipt of the report in writing to the parties and will provide a response including any further actions suggested, or agreed to, by the Affiliate Executive Director.

The parties further agree that:

- (A) Staffing and workload issues will be addressed through a separate process.

- (B) Nurse safety issues are addressed through Article 32 – Occupational Health and Safety Program and the Workers Compensation Act.
- (C) Ongoing, timely communication is an important element in the PR process.
- (D) The PR process is a joint problem-solving and learning process and is not expected to result in any discipline.
- (E) The PR process is not a labour relations process. If the nurse brings a colleague to the discussions who is also a Union steward they will attend in a support role only.
- (F) Funding for additional professional practice resources per Health Authority/PHC and Affiliates will be provided through this Agreement, to be determined and mutually agreed by the parties. Such resources may include additional work to support point of care nurses through mentorship, leadership and/or other means agreed by the parties.
- (G) Within sixty (60) days of ratification:
 - i. The parties will create a PR working group comprised of up to three (3) representatives each from the Employer and the Union.
 - ii. The PR working group will communicate to the Health Authorities/PHC that all outstanding PRFs at the Health Authority/PHC Senior Review Committee (“SRC”), or in referral stage, will stay at the SRC level through until their closure.
 - iii. The union PPD will review all PRFs filed December 1, 2017 up to and including date of ratification and identify those related to practice problems.
 The PRFs related to practice problems will be brought to the PR working group.
 The remaining PRFs will be themed. The Union PPD will prepare a report for the Health Authority/PHC Vice President of Human Resources. The Health Authority/PHC will review the report and provide a summary of the outcome(s) to the Strategic Nurse Staffing Committee.
 - iv. Effective the date of ratification, nurses will continue to raise and discuss practice problems with their excluded manager or excluded designate to try to address the practice problem at the local level. The nurse or the manager may seek advice from the Health Authority/PHC PPO and/or the Union PPD or designate as advised by the Union PPD.
- (H) Within a further ninety (90) days, the PR working group will:
 - i. Review the outstanding PRFs identified by the Union PPD in (G)(iii) above and apply for the new PR process.
 - ii. Develop and deliver a joint communication that will outline the process that is underway, advise authors and the Employer that the PR file is closed, and provide the authors’ options under the new process.
 - iii. Create a new mutually agreeable Professional Responsibility form (PRF), joint guidelines and education, a communication plan on the new process and the new PRF, and other matters as mutually agreed by the parties.

- (l) The PR working group will determine a provincial evaluation plan and metrics to assess the new PR process and PRF.

This Memorandum of Agreement replaces Article 59 (Professional Responsibility Clause) effective the date of ratification for the term of this Agreement and will expire upon ratification of the next collective agreement on March 31, 2022. Upon expiration of this Memorandum of Agreement, the parties will return to the process under Article 59, unless the parties expressly agree otherwise.

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by change the following:

APPENDIX QQ – MOA Re: Clinical Mentorship

Background

The parties recognize that quality nursing practice is essential to the provision of safe patient care. Practical nursing skills are largely learned on the unit, whether through the consolidation of skills as new nurses, or through continuous learning as nurses progress through their careers.

The parties agree that nurses benefit from consistent, experienced mentorship and support at the unit level. Increasing clinical mentorship also aids with skill development, retention and recruitment and the promotion of safe patient care.

Clinical Mentor Positions

~~The parties agree to create clinical mentor positions in the units, departments, or programs jointly identified by the Strategic Nurse Staffing Committee (SNSC) as most benefiting from clinical mentorship, including but not limited to acute care, community care, mental health, and long-term care. If the SNSC cannot agree on where to place the clinical mentor positions, the Nurse Staffing Secretariat (NBA and HEABC reps) will support the SNSC on where to place the positions. for the term of this Agreement. The majority of these positions will support Primary and Community Care.~~

Clinical mentors will primarily be responsible for providing rapid, elbow-to-elbow clinical mentorship on the unit, department, or program. They will also work in conjunction with nurse educators to provide on-going education.

Clinical mentors will be included on the master rotation and be scheduled to work on day, night and weekend shifts. Clinical mentors will be paid at a Level 4 rate of pay and will not carry a caseload or provide relief.

Clinical mentors should have at least three (3) years of nursing experience, and have recent, relevant experience in the respective practice area in ~~on the unit(s) on~~ which they will provide mentorship.

~~The Employer will develop a clinical mentor job description and provide it to the Union at the SNSC level within sixty (60) days of ratification. Within a further sixty (60) days of ratification, the Employer will post and fill these positions.~~

The Employer will also regularly provide all relevant data at the SNSC level so that the parties can evaluate these positions.

~~The NBA will allocate the following amounts to fund pilot positions: (a) \$2 million on April 1, 2019; and~~

~~(b) \$2 million on April 1, 2020;~~

Each Health Authority/Providence Health Care will create the following number of clinical mentor positions:

	<u>FHA</u>	<u>IHA</u>	<u>NHA</u>	<u>PHC</u>	<u>PHSA</u>	<u>VCHA</u>	<u>VIHA</u>	<u>TOTAL</u>
<u>FTE</u>	<u>38</u>	<u>24</u>	<u>15</u>	<u>11</u>	<u>11</u>	<u>27</u>	<u>24</u>	<u>150</u>

From the FTE allocation above, SNSCs at each regional Health Authority will develop and implement a plan to provide clinical mentor support for nurses at affiliate employers in their region. The plan to support nurses at affiliate employers will be reviewed by PNAC.

The parties will allocate \$965,000 to jointly develop standardized clinical mentor orientation, education materials, and training. The training program will be approved by the Ministry of Health prior to implementation and will be provided by each Health Authority/PHC to all clinical mentors.

4. Schedules will be communicated to the Employer.
5. All positions will have a mutually agreed home site.

8. Compensation is based on straight-time hours and does not include overtime worked within or attached to their original position.
9. Compensation for wages and premiums is based on the principle that incumbents should not lose overall earnings as a result of filling one of these positions. Incumbents will be compensated for all premiums that they would have been entitled to in accordance with their original position except Article 28.045 – Short Notice Premium while occupying the position.
10. The premiums paid will be based on an average of all hours paid that attracted the applicable premium within the 12 months immediately preceding the incumbent's commencement in the position. In circumstances where the incumbent held their original position for less than 12 months prior to commencement in the position, the average will be based on the shorter period. The average will be paid on a bi-weekly basis in accordance with the Employer's pay periods. Article 28.05 - Regular Premium entitlement for existing incumbents as of April 1, 2023 will be calculated based on the annual average hours worked by a full-time nurse pro-rated by the FTE of their regular position with the Employer.
11. Incumbents should undertake to schedule their work so as not to incur overtime. Overtime worked in the position must be authorized in accordance with the PCA.
12. Incumbents are permitted to accept nursing work offered by the Employer outside their position which will be applied and paid as per the PCA, including at overtime rates where applicable.
13. Any benefits that are not collective agreement rights but were in place prior to starting in the position, such as parking, will continue as long as they are in effect between the parties.

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by adding the following:

Appendix XX Memorandum of Agreement – Staffing Replacement

This Memorandum only applies to Health Authorities and PHC.

(A) Immediate Staffing Need (Short Term Replacement)

Staffing requirements are determined by patient care needs and staff scope and skill mix.

Where there are vacancies due to short-term absences, the Employer will make all reasonable efforts to replace those vacancies, except where the in-charge nurse and the manager agree that patient care needs can be met with the scheduled nurses.

The parties agree that in instances where patient care needs exceed the baseline capacity of a unit, department, or program, the Employer will make all reasonable efforts to call in additional nurses as necessary to meet patient care needs.

All reasonable efforts include:

- (i) Regular relief
- (ii) Casual staff
- (iii) Regular part-time staff
- (iv) Staff on overtime
- (v) Re-assign staff, where appropriate

Where reassignment is deemed appropriate within the shift, the Employer shall canvas qualified employees for a volunteer. In the event that no employee volunteers, the Employer may select an employee for reassignment.

Where the Employer reassigns an employee, it will be done in a fair and equitable manner. Employees in relief lines will not be reassigned any more often than employees who are part of baseline.

Employees assigned to a unit will receive and complete a unit/site specific introduction check-list.

If additional staff are necessary due to emergent circumstances, whether within a particular shift or for the next shift, and no management personnel are on the premises or otherwise immediately accessible to the employee in person or by telephone, the nurse who has been designated in-charge has the authority to call-in additional staff pursuant to

any policies in place respecting such call-ins for specific work units. For such call-ins, call in by seniority pursuant to Article 11.04 shall not apply.

Where the Employer has received forty-eight (48) hours' or less notice of a vacancy creating relief work as per Article 11.04(A), the first shift of the vacancy and any remaining shifts in that block may be filled as the Employer deems most efficient.

(B) Future and Predictable Staffing Needs (Long Term Replacement)

The Employer reviews predictable relief needs and makes all reasonable efforts to replace staff on leave except where service levels are reduced. The Employer will determine the need for regular relief and/or advanced hire positions. Other options for future and predictable staffing needs may include temporary postings or temporary appointments pursuant to Article 11.04 and Article 17.

Such leaves include, but are not limited to:

- (i) Vacation
- (ii) Sick leave
- (iii) Union leave
- (iv) Maternity/Parental leave
- (v) Long-term disability

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by adding the following:

MOA Re: Cost of Living Adjustment

Definitions

“General Wage Increase” or “GWI” means the overall general wage increase expressed as a percentage.

“Cost of Living Adjustment” or “COLA” means a percentage-based general wage increase adjustment provided in accordance with this Memorandum of Agreement. COLA is an upward adjustment applied to and folded into all wage rates.

The “annualized average of BC CPI over twelve months” (AABC CPI) means the *Latest 12-month Average Index % Change* reported by BC Stats in March for British Columbia for the twelve months starting at the beginning of March in the preceding year and concluding at the end of the following February.

The “Latest 12-month Average Index”, as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The *Latest 12-month Average Index % Change* is reported publicly by BC Stats in the monthly BC Stats *Consumer Price Index Highlights* report. The BC Stats *Consumer Price Index Highlights* report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. For reference purposes only, the annualized average of BC CPI over twelve months from March 1, 2021 to February 28, 2022 was 3.4%.

COLA

The COLA will be applied as applicable to the GWI effective on the first pay period after April 1, 2023 and April 1, 2024. The COLA will be calculated by determining the difference between the AABC CPI and the annual general wage increase to the maximum COLA prescribed that year in Article 63 – Wage Schedule.

April 2023

If the 2023 AABC CPI exceeds the April 2023 GWI of 5.5%, then, on the first pay period after April 1, 2023 the April 2023 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2023 GWI and the 2023 AABC CPI up to a maximum of 1.25%.

April 2024

If the 2024 AABC CPI exceeds the April 2024 GWI of 2.0%, then, on the first pay period after April 1, 2024 the April 2024 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2024 GWI and the 2024 AABC CPI up to a maximum of 1.00%.

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by adding the following:

MOA Re: Gender Diversity and Inclusion

General Inclusion & Gender-Affirming Support

The parties agree to the following:

1. The parties agree that Two-Spirit, gender-diverse and transgender people have experienced and continue to experience barriers to respect, representation and safety in the workforce. Addressing these concerns in the health sector workforce is a critical strategy to ensure equity and inclusion within the health care system for both employees and patients/residents/clients/service users. To that end, the parties will actively engage in creating culturally safe and anti-racist workplaces that are inclusive of gender diversity, which may include policies and practices with a gender inclusive lens, gender-affirming leave(s), and workspaces for gender-diverse individuals and ongoing educational resources and supports.
2. The parties will work together to protect the job security, privacy, and safety of Two-Spirit, transgender, and gender diverse employees at all times in accordance with the Collective Agreement and legislation.
3. Upon an employee's request, the Employer will work with the employee (and the Union, if requested) to prepare a gender-affirming support plan that is respectful, employee-centered, and tailored to the employee's particular needs, including how and if any name or pronoun changes will be communicated.
4. Employees may request that the Employer correct their personal information, such as legal name and gender changes, on employee records, directories, and workplace documents. This may include seniority lists, nametags, employee IDs, email addresses, organizational charts, health care coverage and schedules and human resources documents. Employers will correct personal information pursuant to applicable privacy law.
5. Gender identity and expression are protected grounds pursuant to the B.C. Human Rights Code discrimination. Gender-based discrimination can happen at the workplace or online and includes but is not limited to intentional:
 - Deadnaming (using employee's former name);
 - Misgendering (referring to someone using a word or pronoun that does not reflect their gender); and/or
 - Doxxing (intentional sharing personal information, including old photos or medical information for the purpose of harassment or online mobbing).

- 6. Employers will review current policies and procedures to ensure they are gender inclusive.
- 7. Employers will make gender inclusive resources available to employees and managers.

This MOA is not intended to limit the work of the DEI Working Group in advancing gender inclusion in the workplace.

Gender-Affirming Medical Leave

Effective April 1, 2023, the Employer will grant an employee a cumulative total of up to eight (8) weeks of leave with pay for medical procedures and revisions. Additional paid or unpaid leave may be provided through collective agreement leave provisions.

Bathrooms/Change Rooms

An employee worker may use the bathroom/changeroom of their lived gender regardless of whether or not they have sought or completed surgeries or completed a legal name or gender change. Employers will:

- A) Ensure single occupant bathrooms/changerooms (where they exist) on their worksite premises are accessible by employees of any gender identity or expression by ensuring there is signage welcoming all genders and confirm this to the NBA within six (6) months of ratification and

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by adding the following:

MOA Re: Joint Provincial Health Human Resources Coordination Centre (PHHRCC) – Bargaining Association Consultation Forum

Social, environmental, demographic, and economic factors are increasing the demand for healthcare within British Columbia. To deliver the required services a skilled and engaged workforce is required. That workforce is integral to a robust, accessible public system with the ability to rapidly respond to key challenges.

The past few years have been a time of unprecedented change and challenge for B.C.'s health workforce. It is important for the system to have a coordinated approach to identify important themes, address challenges, and build upon existing resources to create a sustainable, equitable, and effective healthcare system.

To effectively deliver on this work the Ministry of Health has established a new Provincial Health Human Resources Coordination Centre (PHHRCC) with membership from the Ministry of Health, Health Sector Workforce and Beneficiary Services Division, regional health authorities, the Provincial Health Services Authority, the Health Employers Association of B.C., and the First Nations Health Authority. The PHHRCC reports to Leadership Council.

The PHHRCC is intended to bring significant focus, attention and discipline to key provincial-level human resource planning activities and initiatives. It will identify strategic actions, develop implementation plans for key approaches, and provide governance, oversight and monitoring of the implementation of these plans. The PHHRCC will look at both intermediate and long-term strategies and actions, as well as address urgent challenges through immediate action, including a focus on supporting Indigenous workers and supporting development of a culturally safe workplace.

In furtherance of the work of the PHHRCC, the Ministry of Health wishes to create a forum for input from Unions. To that end, on a regular basis the Ministry will convene a joint PHHRCC – Bargaining Association consultation forum for the following purposes:

1. Seek input from the Bargaining Associations on evolution and implementation of the Provincial Health Human Resource (HHR) Strategy.
2. Seek input from the Bargaining Associations on issues facing their members with respect to HHR plans, including a specific focus on supporting equity and diversity in the workforce and advancing the recommendations set out through *In Plain Sight*.
3. Seek input from the Bargaining Associations on specific initiatives and plans, including a specific focus on strategies or actions to support the retention of the workforce, including mental health and wellness

4. Consult with the Bargaining Associations on other initiatives that may be considered by PHHRCC.

PHHRCC acknowledges the mutual covenants binding the Parties (HEABC and the NBA) through the terms and conditions of the Collective Agreement. When enacting activities and initiatives, PHHRCC shall give recognition to the process for amending these terms and conditions.

By XX, the Ministry of Health will convene the Forum and present the Terms of Reference for input prior to finalization by the Ministry.

The Ministry intends for this Forum to serve all interested parties in the provincial health care sector, not only the Nurses Subsector. To that end, the Ministry will make efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum semi-annually, or more frequently as deemed necessary.

MOA Re: Provincial Occupational Health and Safety

The parties share a common interest in preventing workplace injuries and promoting safe and healthy workplaces at all worksites, throughout the health care sector.

The parties acknowledge the need for a provincially coordinated and integrated effort to improve the health and safety of health care workers and to establish systems to implement the shared objectives below:

- Promote a safe and healthy work environment and organizational safety culture through prevention of injury initiatives, safe workloads, promotion of safer work practices and healthy workforces, including pilot and demonstration programs;
- Prevent and reduce the incidence of injuries (physical and psychological) and occupational diseases;
- Support the adoption of leading (best) practices, programs or models;
- Facilitate co-operation between unions and employers on health and safety issues;
- Facilitate and provide education and training for effective functioning of local Joint Occupational Health and Safety committees;
- Share information, data, and experience across the sector;
- Improve awareness of and compliance with *Workers Compensation Act*, Occupational Health and Safety Regulation and relevant physical and psychological standards; and
- Support the implementation of Canadian Standards Association (CSA) Standards for Occupational Health and Safety Management and Psychological Health and Safety in the Workplace.

And where as the BC Health Care Occupational Health and Safety Society (currently known as SWITCH BC) was jointly established in November 2020 to provide the organizational basis for an innovative and collaborative initiative to influence, invest in and support province wide initiatives to improve health care worker health and safety. SWITCH BC was built on the following principles:

2022 Collective Bargaining in the Health Sector

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by adding the following:

MOA Re: Recruitment and Retention of Indigenous Employees

1. The parties agree that Indigenous peoples are under-represented as employees in the health care system, and Indigenous peoples have historically experienced barriers to accessing health care services. The parties also recognize the important and significant qualities, contributions and perspectives that Indigenous nurses bring to patients/residents/clients/service users and the healthcare system. Addressing the under-representation of Indigenous peoples in the health sector workforce is a critical strategy to ensure cultural safety within the health care system for both employees and patients/residents/clients/service users. To that end, the parties will actively support employment equity programs to promote the hiring of Indigenous employees into the health care system, and to increase Indigenous representation within the NBA bargaining unit.
2. To support the recruitment and retention of Indigenous employees, and to improve the care of Indigenous patients/residents/clients/service users across the health care system, the parties recognize that Employers may select an Indigenous candidate, even where they are not the most senior qualified candidate, when one or more of the following circumstances exist:
 - the Employer has identified a position that provides care or services to Indigenous communities or Indigenous patients/residents/clients/service users and requires the cultural expertise or knowledge of Indigenous peoples, communities and/or nations;
 - where commitments to hire Indigenous peoples with external funding for programs have to be met; and/or
 - where the Employer has identified it is desirable to hire Indigenous peoples into leadership or mentorship roles.

Where there is more than one qualified Indigenous candidate, Employers will give consideration to, among other things, the communit(ies) involved, patient/resident/client/service user population, the candidates' Indigenous knowledge and experience and circumstances surrounding the role when determining the successful candidate.

Within the first thirty (30) days in the position, the successful candidate may elect to leave the position and return to their previously held position with that employer (if applicable). In such circumstances, they will give twenty-eight (28) days' notice to the employer.

Employers will not be required to repost and may select another candidate.

3. The parties agree that there may be new or existing positions that require lived experience or knowledge of Indigenous peoples, communities and/or nations. In such cases, the Employer has the management right to require such qualifications on the job description.
4. Further to the circumstances identified in paragraphs 2 and 3, in the absence of fully qualified applicants for a posted position, the Employer may choose to hire an Indigenous candidate who does not possess all required qualifications for the position but would become job ready through Employer-provided training, orientation or mentoring.
5. The parties will share information with the Forum described in the MOA re: Declaration on the Rights of Indigenous Peoples and Eliminating Indigenous Specific Racism in Healthcare regarding the use of this MOA.

2022 Collective Bargaining in the Health Sector

Renewal of the 2019-2022 Nurses Bargaining Association (NBA) Collective Agreement

Amend the collective agreement, by adding the following:

Memorandum of Agreement Re: Declaration on the Rights of Indigenous Peoples and Eliminating Indigenous Specific Racism in Healthcare

The parties acknowledge the pervasive and ongoing harms of colonialism faced by Indigenous peoples. These harms include widespread systemic racism against Indigenous peoples in BC's health system, as highlighted in the 2020 *In Plain Sight* report.

The parties agree to uphold the *United Nations Declaration on the Rights of Indigenous Peoples*, which has been brought into the laws of British Columbia under the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

The parties commit to working together to address the ongoing harms of colonialism and racism faced by Indigenous patients, clients, residents, service users, health care staff and providers, including by:

- committing to reconciliation in health care by supporting comprehensive, system-wide changes that enable Indigenous-specific anti-racism, and cultural safety;
- working together to actively identify, address and rectify barriers in Collective Agreements; and
- working to increase the representation of Indigenous individuals in the healthcare workforce.

Accordingly, building on the work underway, the parties support the creation of a provincial forum, led by the Indigenous Health branch of the Ministry of Health, that will include representatives from HEABC, health authority Vice Presidents of Indigenous Health and other leaders, representatives of other HEABC members, and health sector bargaining associations to engage in collaborative discussions that will inform the work moving forward and best position the parties in future rounds of collective bargaining (the "Forum"). Ministry of Health may also invite representatives from other relevant groups identified by the Ministry of Health, including Indigenous Elders or Knowledge Keepers, to participate in the Forum.

By (date), Ministry of Health will establish the Forum and present the Terms of Reference that will set out the purpose:

- to create a Forum for health authority Indigenous leaders and other leaders, and representatives of other HEABC members and unions to have continuing dialogue on the commitments stated above. The parties may use the Forum to present their ongoing or developing organizational initiatives, including the implementation of the HSO 75000: 2022 BC Cultural Safety and Humility Standard, complaints processes, education, and training to eliminate Indigenous-specific racism and to hardwire cultural safety and humility into the workplace;

- to discuss ways to leverage resources being developed by NCCIH and Ministry of Health, as well as raising awareness of the wealth of resources within the health system now, including the repository of work housed with the NCCIH and resources already developed by health authorities;
- to discuss ways to address recruitment and retention of Indigenous staff, which may include developing recommendations for changes to Collective Agreement language in the next round of collective bargaining;
- to provide an opportunity for Ministry of Health to solicit feedback and report out on ongoing provincial initiatives, including continuing implementation of the *In Plain Sight* recommendations and the phased roll-out of the *Anti-Racism Data Act, SBC 2022, c.18;* and
- to improve awareness of and compliance with the *Declaration on the Rights of Indigenous Peoples Act, SBC 2019, c 44.*

It is understood that the Forum should serve all interested parties in the provincial health care sector, not only the Nurses' Bargaining Association. To that end, the parties will make all reasonable efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum quarterly or more frequently as deemed necessary.

Memorandum of Agreement Re: Pandemic Information Sharing Forum

The parties acknowledge the hard work of employees, Employers and Unions in responding to the COVID-19 pandemic.

Throughout the COVID-19 pandemic, the parties recognized the value of collaboration and cooperation, and convened a provincial occupational health and safety forum to share information and address provincial-level issues as they arose. The parties found this forum was effective in supporting the pandemic response and addressing health and safety concerns.

The parties acknowledge the importance of learnings from previous public health emergencies, such as those outlined in the 2003 Ontario SARS Commission final report.

The parties acknowledge the importance of providing timely information to employees and JOHSC.

Accordingly, the parties agree to establish a pandemic information sharing forum (the “forum”) where a public health emergency is declared by the Government of British Columbia that creates a health risk for a significant number of employees.

The forum will consist of one (1) representative from each participating Bargaining Association, HEABC, Employer representatives, and a senior representative from the Ministry of Health. The forum may also include a representative from Doctors of BC, WorkSafeBC or other relevant groups as agreed to by the participants.

The purpose of the forum is to promote information sharing related to pandemic occupational health and safety matters, with the following principles:

- Open, transparent and respectful communications
- Focus on provincial level issues
- Interest based approach

The forum will determine the meeting frequency.

The forum will be provided with relevant information related to health care worker safety.
