

SAFETY – DEMAND IT.

IT'S YOUR RIGHT.

Take action NOW

- Know how to report incidents and unsafe situations at your worksite.
- Use your right to refuse unsafe work process when an unsafe situation creates an undue hazard to your health and safety.
- Report all incidents and unsafe situations to your manager or supervisor, ***even if there is no injury.***
- Document using your worksite's OH&S Hazard and Incident reporting system.
- Tell your worksite steward or BCNU Joint OH&S Committee representative. Make recommendations to correct the problem and improve safety.
- Follow up to find out when recommendations will be made.
- File a grievance if the problem isn't being corrected.

Delivering quality care means working in a
safe and healthy environment. www.BCNU.org
